DAILY OPERATIONS

COMMUNICATION

Communication between all stakeholders in the school community is an essential component for a successful school year. SCA faculty and staff will coordinate and share regular and ongoing communications through a variety of resources, including both print and electronic means. Parents/Guardians, and students when applicable, are expected to read all correspondence from the school and check SCA's website (<https://savannahclassicalacademy.org/>) regularly. Should any parent/guardian contact information change at any point throughout the year, advise the SCA Registrar immediately.

THE SCHOOL DAY

Transportation Procedures

Arrival and dismissal of our students are the two most congested times on campus. Because of this, SCA implements specific procedures that should be followed when students are being dropped-off and picked-up. The following information is subject to change as SCA faculty and staff work to be as effective and efficient as possible in getting students on and off campus.

Carline

Lower School students (K-5) will be dropped-off/picked-up on Atlantic Avenue while Upper School students (6-12) will be dropped-off/picked-up on Grove Street. Any SCA family that has children in both Lower and Upper School will utilize the Upper School carline for drop-off/pick-up.

Morning drop-off begins at 7:00am and ends at 7:30am. Classes begin promptly at 7:35am. Students must arrive to SCA in enough time for them to enter class before 7:35am. Students that wish to participate in the school's breakfast service must arrive before 7:25am. Morning carline ends at 7:30am.

Afternoon carline begins at 3:15pm and ends at 3:45pm. A staff member will be strategically stationed, announcing the order of cars lined up. This will allow us to have an accurate, chronological list of carline vehicles, so we will have the students staged accordingly for pick-up. Display your pick-up placard clearly in your window - Lower School carline placards are green and Upper School carline placards are yellow. If you do not have the placard you will be asked to visit the front office and, once carpool is over, you will be able to sign your student out; proper identification will be required.

After carline has ended students remaining for pick-up must be signed out through the main office; carline placard or picture identification will be required.

For Lower School (K-5) Carline vehicles must enter onto Atlantic Avenue from 34th Street or blocks farther south (not from 31st, 32nd, or 33rd Streets as those points cause unsafe scenarios for all). If the

carline is already formed past 34th Street, proceed to blocks farther south until you reach the point to enter the end of the line. Please do not attempt to enter the carline once the line has already formed at any particular cross street. If the carline passes 35th and/or 36th Street, please do not enter the line; instead, pass over Atlantic Street and head down to 36th and/or 37th Street. Any car that doesn't enter the carline appropriately will be asked to go around and enter based on the directions provided.

For Upper School (6-12) Carline, vehicles will utilize Vine and Paulsen Streets to approach SCA on the Grove Street side via 31st Street. At 31st, 32nd, or 33rd Streets cars will line up on Vine Street. At 34th Street, and blocks further South, cars will utilize Paulsen Street to access the carline on Vine Street. Any car that doesn't enter the carline appropriately will be asked to go around and enter according to the directions provided.

The designated drop-off/pick-up areas will be marked with orange cones and will be monitored by carline staff members during the carline hours. Once in the designated drop-off/pick-up, area always pull forward as close to the space in front of you as possible; this allows us to unload the maximum number of cars more efficiently. Drivers may not park and leave their cars in the carline lane at any time during arrival nor dismissal. Parents should not pull forward until students and staff have moved away from the car. Always drive slowly and pay special attention to students and staff during carline. SCA's expectation is that you will not be using your cell phone while driving in the school carline lane.

Respect the attendants and follow their directions at all times. Staff and volunteers do their best every day to uphold the rules of the school and to make carline run as smoothly and safely as possible. Do not exit your car. If you need to assist your child, we ask that you park in a designated spot and seek assistance from staff. **Prepare your child for drop-off before you arrive to carline.** For example, coats should be on or in hand, backpacks and lunchboxes should be packed and easy-to-reach, etc.

Do not approach the carline lane on foot. You will not be permitted to pick-up your child in that manner. Parents and guardians will not be allowed to park on Anderson, Atlantic, or any other side streets, then walk up to to bypass the carline. SCA will not release students whose parents are waiting at the pedestrian gate unless they have previously been approved as a walker or bike rider. See the "Walkers and Bike Riders" section of this handbook for more information.

Walkers and Bike Riders

SCA students who live within a 1.5-mile radius of the school can opt to walk or ride their bike to and from school. Parents/Guardians must complete the "Walking or Biking" form (available for download on our website or by request in the front office) and SCA administration will verify that the student's home address is within a 1.5-mile radius of the school before being approved to walk or bike ride to/from school. Lower school students (K-5) must be accompanied by a parent, guardian, or upper school sibling. In the event of inclement weather conditions, parents should make necessary arrangements for students to be picked-up in carline.

After School Tutorial

After school tutorial is an opportunity to enhance an individual student's academic growth. Tutorial is designed to provide students extra academic support as needed throughout the year. Tutorial is held each Monday through Thursday from 3:30-4:30pm. SCA teachers each have a specific day of the week that they hold tutorial but may also schedule additional tutorial sessions as necessary – please contact your child's teacher regarding their after school tutorial schedule.

School Nutrition Program

SCA students are encouraged to take advantage of the nutritious breakfast and lunch served in SCA's dining hall daily. Students are permitted to bring their lunch from home as well, however ordering out will not be permitted. Breakfast service will begin at 7:00am and conclude at 7:25am. Lunch service is dependent upon a student's specific schedule.

School Meal Costs: See SCA's School Nutrition Program Webpage

To apply for free or reduced price meals, households should fill out the School Nutrition Program's application online. A new application is required to be completed each school year. Families can complete one application for all students in your household who attend Savannah Classical Academy.

When completing the application, be sure to select Savannah Classical Academy NOT Savannah-Chatham County School District; if you have children attending SCA and another, different district school, you must complete a separate application for each child for their respective school. The information provided on the application will be used for the purpose of determining free or reduced price meals eligibility and may be verified at any time as SCA is required to verify a sample of applications annually. Applications may be submitted at any time during the year. The link to the application can be found on the school's website or directly at the following link - <https://frapps.horizonsolana.com/HZ172692>.

School Nutrition Meal Payment

Every student at SCA has a meal account. During meal service students are recognized by their student number at the cash register where the cashier records the meal purchase and deducts the appropriate amount from the student's account. There are three acceptable forms of payment for school meals - cash, money order, or online through myPaymentsplus. Meals can be purchased daily or a lump sum can be put on the child's account which will be drawn from after each purchase.

SCA strongly encourages families to use myPaymentsplus for student meal accounts, and other school fees, as it provides many added benefits including being able to use a credit/debit card to add money to student meal accounts, monitoring student daily participation in the school nutrition program, email reminders when funds are low, etc. To sign-up for a myPaymentsplus account visit SCA's School Nutrition Program's page on the website or directly through the following link - <https://www.mypaymentsplus.com/welcome>.

Special Dietary Needs

Meal patterns require weekly dietary specifications and nutrition standards. However, food substitutions and other reasonable modifications to the meal patterns may be necessary to meet the dietary needs of children who qualify as having a disability under any of the federal nondiscrimination laws, are eligible for special education under the IDEA, or do not qualify as having a disability under any of the federal nondiscrimination laws but have other special dietary needs. The USDA regulations for school nutrition programs (7 CFR 210.10(m) and 7 CFR 220.8(m)), do not require meal modifications for children whose dietary needs do not constitute a disability. Examples include meal modification requests related to religious or moral convictions, general health concerns, and personal food preferences, such as a family's preference that their children eat a gluten-free diet or organic foods because they believe it is healthier.

School Closings, Delayed Openings & Early Dismissals

The decision to close, delay the opening, or dismiss early for any unforeseen circumstance including, but not limited to, concerns related to inclement weather, power or water service, or conditions of the roadways, will be made as early as information is available. A message will be sent through SCA's notification system (text, email, phone), social media, and/or other media outlets as necessary and applicable. **SCA may make the decision to close, delay, dismiss or return to school independent of the county school system; the most accurate information regarding any alteration to SCA's operational calendar will be communicated directly from SCA.**

Field Trips

SCA faculty and staff support and encourage field trips that are educationally sound. Field trip permission forms must be filled out and returned to the teacher or sponsor in order to attend scheduled off-campus trips. If you have questions regarding the form or the field trip, contact the coordinator of the trip for further clarification. SCA uniform attire is required for all field trips, unless otherwise specified.

If a student is not attending a class trip, he/she will still report to school. Field trips are academic in nature and if a parent chooses not to allow a student to attend the class trip, teachers will assign an appropriate project/task for the student to complete. Students serving disciplinary action or with behavior concerns will not be allowed to attend class trips.

Visitors and Volunteers

All visitors will ring the bell on the intercom system (located to the right of the doors at the main entrance), stand in front of the camera, and state the purpose of his/her visit. If granted permission to enter the school building, all visitors must report to the school secretary immediately, sign-in, and receive a visitor's sticker. It is our goal to protect the instructional day and minimize classroom disruptions. As such, any non-essential visits to SCA will not be permitted. SCA administration has the right and responsibility to refuse any visitor from entering the campus or facility at any time.

Visitors

Those who attend school events as a spectator or have a scheduled appointment with the school regarding school business or student related matters. Visitors also include classroom speakers, performers or assembly speakers who visit a school infrequently or attend a single event. Visitors are not subject to the application and screening process associated with volunteers.

Volunteers

Volunteers are parents or other adults who are willing to donate their services to the schools or to the school district by assisting with one or more phases of school operation.

Volunteer Registration and Screening

Anyone seeking to provide volunteer services during the school day, or for any school-related function, must complete the registration and application process. Interested volunteers must register through our secure online portal called the Volunteer Tracker. Once your registration is complete, an application link will be emailed to you. All volunteers shall be screened through a sex offender registry check and/or a criminal history background check. Background screenings will be conducted once every three years for those who wish to remain an active volunteer. During the application process, the applicant will be required to list all volunteer duties he/she seeks to provide, which will determine the level at which the individual will be screened. All screenings are completed through the secure Volunteer Tracker portal which can be accessed from the school's website or directly through the following link - <https://appgarden2.app-garden.com/VolTrackGA625.nsf>.

Volunteer Commitment

- **CONFIDENTIALITY:** What you hear about students, families, and staff while volunteering is confidential. Student information should never be shared publicly.
- **SUPERVISION:** Volunteers will perform under the direction and supervision of school

personnel. Volunteers should know and follow school rules and policies. Even though volunteers are non-paid, you should maintain a proper demeanor around staff and students. Volunteers should be well groomed and dress professionally. If you are not sure how you should dress, please ask a teacher or a school administrator.

- **COMPENSATION/APPROVAL:** There is no compensation for volunteers. SCA maintains the right to approve, deny, or suspend any volunteer activities at its discretion pending background checks, or once approved, for any inappropriate behavior in the school environment.
- **STUDENT/VOLUNTEER RELATIONSHIPS:** Volunteers operate under a condition of trust when working with students in the school setting. This volunteer agreement does not extend outside of the designated school partnership and is not intended to go beyond the supervised school environment.
- **SCREENINGS:** Background screenings are conducted for the safety of students and staff, and the protection of school property. Findings of an offense shall not immediately disqualify volunteer status; however, the nature of the offense, date of conviction, and frequency of offense(s) shall be factors that will impact the decision.
- **MANDATORY REPORTING:** By Georgia Law OCGA 119-7-5 if you have reason to believe a child has been abused, you must immediately report it to the school CEO. Additional information regarding Mandatory Reporting is found with the Volunteer Application and must be viewed prior to providing volunteer services. The video can also be found by clicking the icon below.

Student Deliveries

The school offices will not accept drop-off items during the school day. Emergency deliveries such as medication will be accepted; emergency deliveries do NOT include lunch, water bottles, snacks, PE clothes, instruments, homework, etc. Deliveries of gifts, flowers, balloons, snacks, food or other items for student birthdays, holidays, or any other occasion are not allowed. SCA provides birthday recognition for all students with a cupcake. Students in grades K-12 also receive a large cookie when a classmate has a birthday.

After School Programs

The purpose of SCA's extracurricular and co-curricular programs is to provide experiences that supplement the curricular program and provide meaningful experiences to students that will contribute toward the development of civic virtue and moral character. Extracurricular activities are a student privilege and are offered as an extension of the learning opportunities found in the classroom. Unless participation in an extracurricular activity or group is required for a course in which the student is enrolled, students may be excluded from certain extracurricular activities as a result of disciplinary action, poor academic performance, or as determined by SCA administrators. Students must be present at school to participate in any extracurricular activity (sports practice, games, concerts, drama productions, dances, etc.) that same day. Students assigned to ISS or OSS (in school suspension or out of school suspension) may not attend any extra-curricular activities the day(s) of the suspension. SCA personnel maintain supervision of students after the end of an activity or event. It is the parents' obligation to make sure their children have a way home. Failure to be picked up on time may cause the student to lose the privilege of attending future activities.

Extracurricular Eligibility

Savannah Classical Academy is a member of the Georgia High School Association (GHSA) and is subject to all rules and regulations outlined in the GHSA Constitution and By-Laws. All students participating in GHSA activities are subject to the applicable rules and regulations for the

corresponding activity. Student's must meet SCA's academic and behavioral eligibility to participate. See SCA's Student Athlete handbook for more information.

ATTENDANCE

Students must be in consistent attendance to receive the full benefit of the educational setting. Regular attendance is important for student achievement and growth. Students who are chronically absent miss learning opportunities; they have more difficulty completing their assignments, preparing for class, understanding the content taught, and improving their overall proficiency which is needed for advancement to the next grade level. Parents/guardians should attempt to schedule appointments at times that do not impair a student's presence and active participation in class. Whenever possible, appointments after 3:15pm or during school breaks are preferred.

ABSENCES

A student's absence from class can have a detrimental impact on his/her education through missed instruction, missed assignments and the added challenge of catching up upon his/her return to class. Tardiness can be equally as detrimental to students' education and causes disruptions for other students' class.

As a charter school, SCA is held accountable for student learning. In order for SCA to be equitably measured on student outcomes students must be present in school. SCA has a clear attendance policy to help us ensure your child is receiving the maximum benefit of attending our school.

Any student who accumulates 15 or more absences for any reason (excused and/or unexcused) during the year, will not be promoted. Students who accumulate more than five (5) absences during the calendar year are considered truant. Three unexcused incidents of tardiness or early dismissals per marking period is considered excessive. Students that are chronically absent, late, or dismissed early will be referred to the Attendance Committee for attendance probation and/or removal from SCA.

Excused Absence

Excused absences include those due to personal illness, death of a family member, observance of a religious holiday, orders of governmental agencies, participation in school sponsored activities, or other medical necessities. Any absence that would be considered excused, by the aforementioned definition, will be recorded as unexcused until the school is provided written documentation. Medical appointments must be verified by a note from the doctor's office upon the student's return to school. Parents may send a written excuse for absences up to five times a year only. After five parent notes, for any absence to be deemed as excused, the submission of a physician's or a hospital's statement, court subpoena, order of governmental agencies, funeral notice or obituary is required to designate an absence excused; further documentation may be required by school officials at any time for the purpose of validating that an absence may be excused. Students must communicate with their teachers to make arrangements to complete all missed coursework and tests due to an excused absence or the student will lose credit for that assignment.

Unexcused Absence

Unexcused absences are defined as any or all other absences not defined as an excused absence or absences in which no excuse has been provided.

Chronic Absenteeism

Students with excessive absences have a greatly reduced chance of academic success. SCA will make a good faith effort to notify the parent/guardian when a student is exhibiting a chronic attendance problem via phone calls and official written notices. SCA implements the following procedure when attempting to contact parents/guardians in the event of student absence:

- First Absence: Documented attempt to reach the parent/guardian by student's teacher.
- Second Absence: Documented attempt to reach the parent/guardian by student's teacher.
- Third Absence: Documented attempt to reach the parent/guardian by student's teacher.
- Fourth Absence: Student's teacher escalates attendance concern to SCA's Registrar with all past documented attempts of contact.
- Five or more Absences: Student's attendance is referred to the Attendance Committee.

In cases of students who accumulate five absences will be referred to the school's attendance committee for investigation as to cause. The school's Family and Community Relationship Specialist will contact the family of any student who has missed five days of school to discuss absences and offer any resources or support as appropriate and necessary. Students that accumulate seven absences will be placed on attendance probation and referred to a social worker and may be reported to the Department of Family and Children Services (DFAC) and/or Chatham County Court. Students who accumulate ten absences will result in a student's enrollment status being reviewed by the attendance committee. A recommendation for dismissal from SCA also includes a report filed with the local county court and DFCS. Any student who misses ten consecutive days of school will be dropped from SCA's enrollment and a report will be filed with the local county court and DFCS.

TARDIES

The instructional day starts at 7:35 AM. Students arriving after 7:30 AM must be accompanied by an adult to sign the student in through the Front Office. Late arrival can throw a student's entire day off. There is a correlation between tardiness, academic performance and behavioral issues. The structure and process of starting the day with all the other students on time and in the right frame of mind benefits all students. Additionally, students arriving late disrupts their class' instructional setting and disrupts the learning of other students who were on time. Excessive tardies can be just as detrimental to a student's success as too many absences. Three incidents of tardiness per marking period is considered excessive and administrative consequences will be rendered. Excessive tardiness will be treated the same as chronic absenteeism and will result in a student's enrollment status being reviewed by the attendance committee with a recommendation for dismissal from SCA and a report will be filed with the local county court.

EARLY DISMISSAL

The instructional day ends at 3:15 PM and early dismissal is strongly discouraged. A student leaving early causes the student to lose valuable instructional time due to classroom disruption/distraction. If it is necessary for a student to leave school prior to the end of the instructional day, **the student must be signed-out no later than 2:30pm; early dismissal after 2:30pm will not be permitted.** If there is a need for early dismissal, the student must be signed out at the office and the reason for checking out must be noted by sending appointment documentation in advance to the school's Registrar. Students will be called from class after a parent, guardian, or other authorized person arrives on campus so please allow plenty of time for the student to be located, pack his/her belongings, and report to the office. Under no circumstances will students be released to anyone who is not specifically authorized on the child's registration form; a photo

ID will be required by anyone signing a child out from school. Changes or additions can be made to a student's authorized pick-up list by contacting the school's Registrar. Excessive early dismissal will be treated the same as chronic absenteeism and will result in a student's enrollment status being reviewed by the attendance committee with a recommendation for dismissal from SCA and a report will be filed with the local juvenile court.

HEALTH and WELLNESS

HEALTH & IMMUNIZATION

As required by Georgia Law, SCA must have a copy of each student's official immunization records on file (Form 3231) issued by a licensed Georgia physician, Advanced Practice Registered Nurse, Physician Assistant or qualified employee of a local Board of Health or the State Immunization Office may issue this certificate. Contact your physician for a listing of the required immunizations.

Georgia law allows for two types of exemptions from the immunization requirements: medical and religious. To qualify for either of those exemptions, each child must have one of two items on file - either a valid Georgia Immunization Certificate (Form 3231) or a signed, notarized statement, which is called an affidavit of religious exemption (DPH Form 2208).

Students who do not meet this requirement within the first thirty days of the school year will be identified by the county health department and dismissed from school. If the requirement is not met within the following week, the student's position shall be filled by the next student on the waiting list.

Students participating in competitive school team sports activities must have on file a GHSA physical clearance form verifying the student athlete has passed a physical exam within one year of participation in the sport.

ILLNESS or INJURY AT SCHOOL

The faculty and staff make every effort to ensure your child's safety; however, if a student becomes ill or is injured at school, the parent/guardian will be contacted by the school nurse. Minor illnesses and injuries will routinely be addressed in the classroom or nurse's office; students will receive a note or phone call from the nurse after such a visit. For more serious illness, such as fever or vomiting, or injury, the parent/guardian will be notified and expected to pick-up their child in a timely manner. When an emergency arises, school staff members will implement appropriate emergency procedures including calling EMS and notifying the parent/guardian to immediately meet their child at school or the healthcare facility they were transported to.

It is required that parents/guardians provide the school with current telephone numbers for home, work, and emergency contacts. Please remember to notify the school throughout the year if/when contact information changes; this is essential for timely communication regarding your child's health and wellness.

Students should not be sent to school if they have had a fever or vomited within the past 24-hours.

Students must be fever free, without medication, and/or not vomited for at least 24-hours before returning to school. Any child who develops a fever or vomits while at school will be sent home and unable to return until he/she has not had a vomiting episode or has been fever free for 24-hours; this means students cannot return to school the next day after having gone home due to fever or vomiting.

COMMUNICABLE DISEASES

Children having any contagious or infectious disease should not return to school unless cleared by their family physician or Health Department. The following conditions should be considered communicable:

- Lice (pediculosis)
- Chicken Pox (Varicella)
- German Measles
- Fifth's Disease
- Scarlet Fever
- Pinkeye (Conjunctivitis)
- Whooping Cough (Pertussis)
- Strep Throat
- Hepatitis
- Ringworm
- Impetigo/Staph Infection
- Mononucleosis
- Scabies Worms or Parasites
- T.B. (Tuberculosis)
- Measles (Rubella)
- Mumps
- Meningitis
- Poliomyelitis
- Influenza
- COVID-19

Parents should notify the school if their child has been affected by any of these diseases for advice on reentry to school.

MEDICATION ADMINISTRATION

During the school day, students may need doctor-prescribed medications for the treatment of chronic disabilities and illnesses. Students are not allowed to bring any medication to school with them; the parent must bring the medication and complete the required permission form in order for the medication to be dispensed at school. All medication will be secured in the nurse's office and dispensed by the school nurse or school director's designee. It is the parent's responsibility to notify the school nurse, administration and the child's primary teachers of any student's medical needs or conditions that require special attention (to include allergic reactions, asthma, medical devices, etc.). For our students' safety, the parent or guardian must follow these steps before the nurse or designee can administer medication to a student:

- The medication must be brought to the school in the pharmaceutical prescription bottle and presented to the nurse by the parent/guardian and complete/present the proper documentation that gives specific directions concerning dosage and time of administration.
- The parent or legal guardian must complete and sign the approved medical form authorizing the nurse or designee to administer the medication.
- Medications must be dropped off between 8:00am and 2:00pm.
- Medications may not be dropped off in the nurse's office by a student.
- Students may be permitted to self-administer asthma medication and carry it on their person if the parent, physician, and student complete the appropriate authorization form. Parents should contact the school nurse directly about the need for inhalers and asthma medication.
- Students may not bring any medication, including over the counter medication, to school, nor may they self-administer any medication. Such medications include, but are not limited to, cough drops, aspirin, Tylenol or antacids.
- Any medicine not picked up on the last day of school will be discarded.
- Should the medication need to go home with the student at the end of the day, it is the responsibility of the parent to pick up the medication from the school nurse. Medication is not to be transported

by a student.

SCHOOL SAFETY

FIRE & TORNADO DRILLS

Fire and tornado drills are held during the year according to the school's safety plan. Teachers will instruct their students on the procedures to be followed during fire and tornado drills. Students are carefully evacuated from the building during a fire drill. Students are escorted to designated places during a tornado drill. Fire Drills are held monthly, and tornado drills are held twice annually.

SEARCH & SEIZURE

School lockers, desks, cabinets and other school property will be jointly accessible to students and school staff shall always be subject to inspection and search by school authorities without further notice to students, parents/legal guardians, or any other party placing items therein. Sweeps of school facilities may be conducted using sniffing dogs and metal detectors. The school reserves the right to use walk-through and hand-held metal detectors or canine units during school or school-related functions, including activities that occur outside of normal school hours or off of school campuses when, in the opinion of the CEO, the use of such devices is appropriate to maintain safety and security. School employees and visitors are subject to proper search by law enforcement agencies upon request of the CEO. Desks, lockers, and storage spaces, which are provided to students, are the property of SCA. The CEO or their designee may conduct general inspections on a periodic basis, including unannounced searches, and may open desks, lockers, storage spaces, and examine the contents. Searches of students or their personal belongings will occur when there is reasonable suspicion to believe that the student has violated or is violating state or federal laws, local codes, the school's Code of Conduct or School Board policies. Stolen items and items that are specifically prohibited by the school, the law, School Board policies, or city or county codes will be confiscated. These items will be secured by administration or appropriate law enforcement officers, and disposition will be determined by the appropriate authority. Additionally, law enforcement officials will randomly conduct unannounced canine searches to keep our campuses drug free. All high school students are required to register their automobiles with school officials and such automobiles are subject to search and seizure procedures as identified in this section.

STUDENT THREAT to HARM SELF or OTHERS

The school takes all threats to harm seriously, even if all threats are not equally dangerous or capable of being carried out. When a threat is made the school will contact the parents/guardians to construct a plan for the student to see a licensed mental health professional as soon as possible, as well as to schedule appropriate support from school counselors. The student may not return to campus until s/he receives an evaluation stating that they are not a threat to themselves or others and are cleared to return. If parents/guardians elect, for whatever reason, not to see the mental health professional, or to secure the evaluation and clearance, then the school will refer the matter to the Division of Child and Family Services (DFCS). After a thorough investigation of the threat and circumstances the school will take appropriate disciplinary action(s) per the school's Code of Conduct and/or notification of law enforcement as necessary.

SCHOOL UNIFORM

Savannah Classical Academy's uniform requirements were established to ensure an environment that is conducive to learning and is strictly enforced. SCA believes that uniformity of dress is an important part of following our philosophy by positively influencing student behavior and self-image while also adding a degree of safety as student activity is overseen on and off campus. There will be certain days when the student body is permitted to depart from the standard uniform. These special days are days such as approved team travel days, approved special events, spirit days, etc. The administration will inform students and parents of the dress that is acceptable for these days.

All attire must be neat, clean, and appropriately sized. Nothing should be worn that is too tight, too loose, too long, or too short. All uniform shirts must be tucked in at all times (except for certain girl's shirts that are designed to be worn out). Any distracting mode of clothing or appearance that adversely impacts the educational process is not permitted. Only plain white t-shirts with no writing or emblems are to be worn under uniform shirts. Long sleeve t-shirts are not allowed underneath short-sleeved shirts. SCA's administration has the right and responsibility to require all students to be appropriately dressed before attending any class. Students identified as not adhering to the uniform policy will be directed to contact a parent to bring the appropriate uniform clothing item(s).

The ONLY three approved vendors for embroidery are Bahama Joe's, Custom Stitch, and Lands End (Preferred School Number: 900159286). Plaid items purchased from any other vendors are NOT allowed. Altering of the logo is not permitted. Any uniform item which requires a logo must be embroidered, no other decoration type is permitted (i.e. screen print, vinyl, etc.).

GRADING POLICY

Grades are based on student performance and are reflective of content mastery. Students will have assignments and assessments graded on a ten-point grading scale. Final course grades are calculated based on category weights - see below.

Additionally, 9th-12th grade students take specific courses (see the “Assessment” section below) that have correlating state-developed End of Course (EOC) assessments which count for 20% of student’s final overall grade; students’ class averages will equal 80% of their overall grade when combined with their EOC score which attributes to 20% of their overall grade – see formula below.

Grading Scale

Numeric grades fall within the following scale for for all grade levels:

90-100	A	Mastering
80-89	B	
70-79	C	Passing
<70	F	Failing

Grading Weights & Categories

Course grades will be determined by students’ level of performance in each of the following weighted categories:

Classwork - 30%	40% of Course Grade
Homework - 10%	
Quiz - 20%	60% of Course Grade
Test - 40%	

High School State Assessed Courses Final Grade Formula

For 9th-12th grade students taking an EOC course, final grade calculation is as follows:

$$\boxed{(\text{Coursework Grade} \times 80\%)} + \boxed{(\text{EOC Grade} \times 20\%)} = \boxed{\text{Final Course Grade}}$$

Valedictorian & Salutatorian

Only graduating seniors who have earned at least four units in honors, AP, IB, or Dual-Enrollment courses and who have attended a SCA for the four consecutive semesters preceding the student's graduation date will be considered for designation as valedictorian or salutatorian of their class. Students transferring from another school to SCA less than four consecutive semesters prior to graduation will not be considered for designation as valedictorian or salutatorian. The senior student with the highest cumulative grade point average will be designated the senior class valedictorian. The senior student with the second highest grade point average will be designated as the senior class salutatorian. These designees shall be determined after the first semester senior grades have been posted. In the event that two or more students are tied for the rank of valedictorian, they shall be designated as co-valedictorians. Furthermore, in the event there is one valedictorian and two or more students are tied for the rank of salutatorian, co-salutatorians shall be designated. In the event that an agency or organization outside the school system requests the names of one valedictorian and one salutatorian for recognition, the names submitted shall be those of the two honor graduates in the senior class with the highest grade point averages when calculated to the nearest decimal point that breaks the tie.

STUDENT CONDUCT and DISCIPLINE

STUDENT CODE of CONDUCT

SCA expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment. Parents, schools, and communities share the responsibility for helping students develop positive self-discipline. Expected behavior is shown through actions that promote learning and encourage self-control during school as well as during all school-related activities. Students should be prepared to participate fully in the learning process, avoid behavior that impairs their own educational achievement or that of others, show respect for the knowledge and authority of teachers, administrators, and other school employees, and recognize and respect the rights of other students and adults. When students fail to use self-control and self-discipline, disciplinary consequences are used to restore order to the learning environment as well as to protect the rights of others. This code was developed in conjunction with Georgia school laws pertaining to student discipline in elementary and secondary public education outlined in the Official Code of Georgia Annotated (O.C.G.A.), commonly called the Georgia Code (specifically, O.C.G.A. § 20-2-730 – O.C.G.A. § 20-2-769). Such a code is mandated in O.C.G.A. § 20-2-735.

All Savannah Classical Academy students are expected to adhere to the following Code of Conduct:

Participate fully in the learning process. Students need to report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed. Students with excessive absences have a much smaller chance of academic success.

Avoid behavior that impairs their own or other students' educational achievement. Students should know and avoid the behaviors prohibited by this code, take care of books and other instructional materials, and cooperate with others.

Show respect for the knowledge and authority of teachers, administrators, other school employees, volunteers, and visitors. Students must obey reasonable directions, use acceptable and courteous language, avoid being rude or disrespectful, and follow school rules and procedures.

Recognize and respect the rights of other students. Students will not disrupt the instructional setting nor impede academic achievement for themselves or their peers. Students are expected to be positive members of the school community, treating others with compassion and respect.

In addition to the Student Code of Conduct, as referred to in the school's philosophy, SCA requires that students agree to uphold and exhibit the following eight Core Virtues: **Compassion, Courage, Diligence, Integrity, Perseverance, Respect, Responsibility, and Temperance**

The student will act with **Compassion**, not make inappropriate comments nor interrupt other students' opportunity to learn, feel good about themselves, or feel safe.

The student will not blame others to avoid taking **Responsibility** for his/her actions, ignoring the consequences.

The student must behave appropriately, displaying **Respect** for all of his/her fellow students, faculty, personnel and other persons in the school.

The student will follow directives from all teachers, administrators and other school personnel, acting with **Integrity** even when not directly supervised.

The student shall complete all assigned work, employing **Diligence** to complete difficult assignments, having the **Courage** to ask for assistance when the student does not immediately understand the work to be done, and **Perseverance** to continue trying despite the challenges faced.

The student shall act with **Temperance** and not act out when faculty, administration, and other school personnel provide redirection, apply consequences, or when the student faces other perceived adversity socially and/or academically.

Our high academic and behavioral expectations and the consequences for non-compliance may occasionally differ from a parent's belief system. If a parent's educational philosophy opposes the school's philosophy, the parents have the right to withdraw their student and return to their zoned school without any penalty related to the student's academic status. Students and Parents/Guardians are required to sign for the receipt of the school handbook, which included the Student Code of Conduct, using the acknowledgement contract form provided. Any student and their parents/legal guardians that do not sign a receipt shall not be relieved of any responsibilities in following the Student Code of Conduct.

Scope of the Student Code of Conduct

The authority of the school over the conduct of students extends to the following locations:

1. On the school grounds and within the school safety zone during, before, and after school hours
2. On the school grounds and within the school safety zone as either a spectator or a participant at any other time when the school is being used by a school group
3. Off the school grounds at any school-related activity, function, or event as a participant or a spectator. School related activities include online and remote learning environments that are maintained or curated by SCA faculty and staff
4. During the time required in going to or from the home, including time spent at the bus stop and on the school bus
5. Off school grounds, when a student's behavior has a direct and immediate effect on maintaining order or discipline in schools or maintaining the safety and welfare of the students and staff
6. Off school grounds which could result in the student being criminally charged with a felony and when the student's continued presence at school becomes a potential danger to persons or property at the school or which disrupts the educational process
7. Off school grounds, when the conduct involves or entails the misuse of the school-owned equipment provided in order to access online learning environment

Code of Conduct Rules

The Code of Conduct Rules are designed to outline the types of behaviors that are not acceptable. However, every specific variation of prohibited conduct may not have been included. Students can expect to be disciplined for misconduct that is obviously inappropriate behavior for the school environment. Nevertheless, a specific rule may not be explicitly written for every conceivable behavior that violates the Student Code of Conduct or those that don't honor the Core Virtues but the Code of Conduct Rules provide an overview of Savannah Classical Academy's expectations for student behavior.

Conduct Grades

Students will earn a conduct grade for each grading period. This grade will appear on the report card each nine weeks. Its purpose is to encourage students to conduct themselves in orderly, courteous, dignified, and respectful manner. The conduct grade will reflect student conduct during the previous grading period. Conduct grades are earned as described in the following rubric:

Conduct Grade	Definition
Excellent (E)	<ul style="list-style-type: none">• No office referrals at any level of misbehavior as outlined in the Student Code of Conduct
Satisfactory (S)	<ul style="list-style-type: none">• One to three Level 1 misbehaviors as outlined in the Student Code of Conduct
Needs Improvement (N)	<ul style="list-style-type: none">• Four or more Level 1 misbehaviors as outlined in the Student Code of Conduct• One Level 2 misbehavior as outlines in the Student Code of Conduct• Student entered a Behavior Success Contract agreement
Unsatisfactory (U)	<ul style="list-style-type: none">• Five or more Level 1 misbehaviors as outlined in the Student Code of Conduct• Two or more Level 2 misbehaviors as outlined in the Student Code of Conduct• Any Level 3 misbehavior as outlined in the Student Code of Conduct• Student agreed to multiple terms of a Behavior Success Contract

Students receiving an excellent or satisfactory conduct grade may earn extra privileges or incentives which will be determined by SCA.

Students receiving a needs improvement conduct grade may be referred to the RTI/Student Support Team for the development of a behavior modification plan with identified behaviors and specific consequences.

Unsatisfactory conduct carries through the next marking period (unsatisfactory conduct grades earned in the fourth marking period will carry over through the first marking period of the following school year). Any personal recognition or serving as a representative of the school will be denied, including recognition for academic achievement. Participation in any extracurricular activity will be forfeited (e.g., sports, cheerleading, clubs, events, chorus, field trips, etc.). Graduating seniors receiving an unsatisfactory conduct grade may be prohibited from senior activities and/or participating in graduation.

DISCIPLINE POLICY

Parents, schools, and communities share the responsibility for helping students develop positive self-discipline. Expected behavior is shown through actions that promote learning and encourage self-control during school as well as during all school-related activities. Parents, teachers, and others responsible for the welfare and education of students will collaborate to encourage students to uphold the Code of Conduct and demonstrate SCA's Core Virtues. When students fail to use self-control and self-discipline, disciplinary consequences are used to restore order to the learning environment as well as to protect the rights of others. Student accountability pertaining to the Code of Conduct and Core Virtues includes, but is not limited to, passive participation, being an accomplice, or inciting, advising or counseling others to engage in acts that are in violation of the Student Code of Conduct, goes against SCA's Core Virtues, and/or breaks federal and/or state laws. SCA has established certain policies and administrative regulations regarding student conduct and disciplinary action. In any situation, SCA administration reserves the right to skip disciplinary levels based on the best interest of the school, its students, faculty and staff.

Progressive Discipline

The prevention of student behavior by teaching appropriate, expected behaviors is always preferable. SCA takes a school-wide approach to promoting positive behaviors. Faculty and staff are committed to ensuring comprehensive student support programs are in place including counseling services, opportunities for social-emotional learning, student engagement opportunities and behavioral supports to encourage and motivate positive student behavior and connection to the school community. Despite these interventions and supports, in certain instances there is a need for discipline. When necessary, teachers and school administrators will follow a progressive discipling process. However, in any situation, SCA administration reserves the right to skip disciplinary levels based on the best interest of the school, its students, faculty and staff.

SCA's progressive discipline process is a systematic approach to behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help students learn to substitute inappropriate behaviors with those that are appropriate. Disciplinary actions or dispositions that may be imposed include warnings, conferencing with a teacher, administrator or counselor, loss of privileges, parent notification or conference, detention, short-term out of school suspension (OSS), or expulsion. Out of School Suspension (OSS) or expulsion will be warranted if prior, less severe responses have been used but have not been successful in correction the

student's misbehavior, if necessary to assure the safety of students and staff, or if required by law. Before a student is suspended, an administrator will inform the student of the offense and allow the student to explain their behavior; parents will be notified and law enforcement may be involved if the situation necessitates their involvement or is legally required.

The progressive discipline process implements interventions and disciplinary actions that become increasingly more serious if student misbehavior continues. SCA's progressive discipline model is categorized by levels which each represent progressively more serious misbehavior and discipline responses. The level of disciplinary action imposed is reflective of the severity of the misbehavior and will be used in a graduated fashion if misbehaviors continue. In any situation, SCA administration reserves the right to skip disciplinary levels based on the best interest of the school, its students, faculty and staff regardless of the guidelines illustrated below.

Behavioral Offense Levels

In evaluation situations in which students are found to be in violation of the Code of Conduct or not upholding SCA's Core Virtues, teachers, faculty, staff, and/or administration will determine the behavioral offense level and categorize the situation as either classroom-managed, Level 1, Level 2, or Level 3. SCA faculty and staff will utilize a wide variety of research-based corrective strategies and interventions prior to writing and submitting a discipline referral. When a student is referred to an administrator, in the instance of repetitive classroom-managed, Level 1, Level 2, or Level 3 offenses, before determining which level the violation falls within the administrator will investigate the situation by reviewing the facts and consult with any witnesses or involved individuals before making the final determination. The behavioral offense level assigned, including first time infractions, will be in proportion to the severity of the violation. When considering the disciplinary action imposed, administrators will take into account any relevant factors to assure the appropriate degree of discipline is assigned; factors taken into consideration may include, but are not necessarily limited to, the seriousness of the offense, the student's prior disciplinary history, the degree of pre-meditation, impulse of self-defense, the student's age, any student's disability, attitude, willingness to cooperate, etc.

SCA's Behavioral Offense Levels are as defined below:

Classroom-Managed – Minor behaviors that occur in the classroom or in other settings throughout the school. These behaviors are handled by the teacher or staff member in charge. These behaviors are not typically referred to an administrator unless they are repetitive and/or excessive. Any normally classroom-managed behavior that a student repetitively displays despite teacher intervention will be referred to an administrator.

Level 1 – Georgia Department of Education coded minor behaviors or normally classroom-managed behaviors that have become excessive. Level 1 behaviors are those that incite minor damage, loss, or disruption and/or are repetitive despite teacher/administrator intervention. Continuous Level 1 behaviors will result in increasing disciplinary consequences and may be handled as Level 2 or Level 3 behaviors. At the discretion of administration, repetitive Level 1 offenses may result in suspension or dismissal from Savannah Classical Academy.

Level 2 – Georgia Department of Education coded moderate behaviors that cannot be managed in the classroom. Level 2 behaviors are those that incite moderate damage, loss, disruption and/or are repetitive

despite teacher/administrator intervention. Continuous Level 2 behaviors will result in increasing disciplinary consequences and may be handled as Level 3 behaviors. At the discretion of administration, repetitive Level 2 offenses may result in suspension or dismissal from Savannah Classical Academy.

Level 3 - Georgia Department of Education coded serious behaviors that cannot be managed in the classroom. Level 3 behaviors are those that are dangerous, cause significant damage or loss, are highly disruptive, cause significant injury and/or are repetitive despite teacher/administrator intervention. Continuous Level 3 behaviors will result in increasing disciplinary consequences and can result in maximum punishment including those requiring disciplinary tribunal/hearing. Additionally, Level 3 behaviors may result in action by law enforcement and charges being filed. Level 3 offenses may result in suspension or dismissal from Savannah Classical Academy.

DISCIPLINARY HEARINGS & APPEALS

Student Disciplinary Hearings

School administration can assign consequence of up to ten (10) days OSS. In such circumstances, the school director can assign ten (10) days of OSS, pending a disciplinary hearing in which the recommended consequence would be expulsion/dismissal from SCA. A Disciplinary Hearing Officer may impose suspensions or expulsions after a due process hearing to determine guilt or innocence.

A Disciplinary Hearing Officer will conduct disciplinary hearings. Disciplinary hearing procedures are governed by the State of Georgia Public School Disciplinary Tribunal Act (O.C.G.A. 20-2-750). A Disciplinary Hearing Officer will hear evidence concerning charges of misconduct that have been brought up against students which, if proven, may require greater than ten (10) days out of school suspension and up to a recommendation of permanent expulsion.

All hearings are recorded. Hearings are confidential and are not open to the public. Staff and student witnesses to a particular case may be requested and/or subpoenaed by the school to testify on the school's behalf at the hearing. The evidence presented during the hearing may be physical as well as testimony from witnesses. At the hearing the accused student or parent/guardian has the right to be represented by an attorney obtained at his/her own expense. If an attorney is going to represent the accused student, the school must receive notice at least one school day prior to the hearing to ensure that attorney for the school can be present.

The Discipline Hearing Officer will determine whether the student was or was not in violation of the Code of Conduct and/or was not upholding the school's Core Virtues and will determine the appropriate consequences. Only the evidence the hearing officer regards as relevant to the charges in question will be considered in making a determination of whether a rule has been violated. The hearing officer can give the presented evidence whatever weight the officer thinks is warranted. The disciplinary hearing officer will review the student's records and determine if he/she is found guilty of the charges. Both parties are given the opportunity to make closing summary statements. The hearing officer may convene privately to decide the appropriate consequences. The hearing is concluded when the hearing officer reads their decision.

Student Disciplinary Hearing Appeals

Appeals may be brought to the SCA Governing Board by either party aggrieved (dissatisfied) by the decision of the Disciplinary Hearing Officer or a decision rendered pursuant to O.C.G.A. § 20-2-751.6 by notifying the school director, in writing, of their desire to appeal.

BUS CONDUCT & DISCIPLINE

Students are expected to behave in an orderly manner on the school bus at all times. The driver is in charge of the bus and must be obeyed. Riding the bus is a privilege provided to all students who can abide by the rules. If the rules are violated by a student, his/her bus riding privileges may be suspended or terminated. It is not our desire to remove children from buses; however, it is our responsibility to maintain safe, orderly transportation for all students. Please help us by reviewing the rules with your child and making sure they follow them. Behavior on the bus will also be considered behavior requiring disciplinary action during school hours as deemed appropriate by the school's administration.

CONFIDENTIALITY REGARDING STUDENT DISCIPLINE

Federal and state laws require SCA to protect the confidentiality of individual student information including any disciplinary action. In some circumstances, a student may be involved in a behavior incident that includes other students. SCA may not provide information to parents about disciplinary actions imposed on students other than their own.

AUTHORITY of SCHOOL LEADERS

The school administration is charged by the Board of Directors with the safe and orderly operation of the school. In case of disciplinary violations not covered explicitly by the Code of Conduct, school administration will impose reasonable corrective measures which they believe to be in the best interest of the student involved and the school. Based on the circumstances and disciplinary violation, school administrators have the authority and discretion to impose consequences ranked higher or lower outside of the progressive discipline guidelines than indicated for each behavior. Under the supervision of the Director, school administrators will preserve the integrity of the disciplinary process at Savannah Classical Academy by modeling the Core Virtues and consistently treating students and their families with respect and professionalism.

AUTHORITY of SCHOOL TEACHERS

Teachers will have the authority to implement discipline in their classrooms that is consistent with the Savannah Classical Academy discipline policy. Teachers will utilize school administration to implement discipline whenever appropriate and most especially when disciplinary action by the teacher would take away from maintaining an effective learning environment in the classroom. A teacher shall have the authority to remove a student from his or her classroom who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student code of conduct, or if the teacher determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. In such cases, the teacher will write a behavioral referral and the progressive discipline guidelines will be followed.

Confidentiality of personally identifiable information (PII) in student records shall be preserved while access is provided to parents, eligible students (those over eighteen years of age or enrolled in post-secondary educational institutions), and school officials with legitimate educational interests. ASBESTOS in SCHOOLS

The 1986 Asbestos Hazard Emergency Response Act requires annual notification of any asbestos containing building materials within the school system. Under certain conditions, asbestos fibers could cause a health problem. Therefore, to minimize any hazard, an asbestos Management Plan has been developed. Each facility has an Asbestos Management Plan available for public viewing during its operating hours. This plan identifies all building materials which contain friable and non-friable asbestos, as well as its location. Throughout the system, the friable asbestos has been either removed or encapsulated. The school system has EPA certified asbestos management plan inspectors and compliance personnel. Mr. Coy Mosley is the AHERA Plan Manager for our system. If you have any questions, please call Maintenance and Operations at 201-5730.
